

# Lenses On Newlin Mill: A Community Art Show

Painters ~ Photographers ~ Artists ~ Poets ~ Sculptors ~ Musicians

As part of its 50<sup>th</sup> Anniversary commemoration, the Nicholas Newlin Foundation invites artists, photographers, poets, and musicians to share their artistic visions of the Newlin Grist Mill and Park.

The Newlin Grist Mill has served the community for the past 50 years as a place for history, nature, and learning. The preservation and conservation missions have resulted in a treasure trove of subjects and settings. The historic area provides architecture, landscapes, and wonderful glimpses into the past. The eight miles of trails wind through a variety of habitats with a diversity of plants and animals. Whether you are interested in history or nature, the 160 acre property is filled with special places of inspiration.

What does Newlin Grist Mill mean to you? Fifty years after creation of the Nicholas Newlin Foundation, the Newlin Grist Mill continues to remain relevant to the thousands of visitors it receives each year. We are asking participants to use their artistic talents to create pieces that reflect one of the many facets of the special character of the Mill and Park.

Submissions will be reviewed by a panel of judges. Those selected will be exhibited at the Mill and/or a venue in the community.
